Work Arrival: August 30th @ AVA

Reception Date: August 8th 2019

Our 3-D Non-Functional art show is an exploration of the various ways that artists work with material in three dimensions and will include sculptures and other art created with the intention of the object being observed, rather than useful. This includes low-relief wall-hung sculpture, and fiber work intended as art rather than to be used as quilts or wearables. All materials are welcome, as long as they won't damage the gallery or pose a health threat.
